Evolutionary / Revealing / Paramount

Paramount. -adjective: Supreme in rank, power, and authority. The **Vesuvius** subwoofer by Pressurehead redefines the quality, impact, and sonic reproduction of the lowest registers of human hearing. Too often manufacturers overlook this critical range of music, but not Pressurehead. We strive to give you the truest representation of sound over the entire range of human hearing. You will hear bass like you've never heard before. Your music will come alive with depth, power, impact, and presence like you've never experienced.

The power of Mount Vesuvius in a single 22" cube. Using exclusive and evolutionary design principles ensures that the Pressurehead **Vesuvius** subwoofer reproduces low frequencies with a level of power, authority, and transparency that have to be experienced to be understood.

These speakers are perfect for your recording studio, live sound venue, the ultimate theatre experience, or your nightclub.
